Features to look for in a Freestanding Height Adjustable Work Surface

Height adjustable tables have become a popular choice in today's workspaces. With so many brands and options to choose from, a table that satisfies your clients' needs can be challenging – we are here to help!

The upCentric® allows users to easily adjust their work surface to the appropriate height for their unique seated posture, and alternate between seated and standing positions throughout the work day. This adjustability reduces aches, pains, stress and tension, and improves circulation throughout the body. Moving the table is intuitive with the easy-to-use up/down control with four position memory. The quiet motors housed in each of the table's legs ensure a quick, smooth transition in positions. The durable open frame design provides optimal knee clearance and space for storage.

Here are some key features to look for when buying a Freestanding Height Adjustable Work Surface.

Motors in every leg:

Ensures a smooth, quiet and quick transition. The upCentric features motors made by TiMOTION® and takes just 17 seconds to travel the 26.5" range from the lowest to highest height.

Quick and easy installation:

The upCentric is one of the simplest height adjustable tables to assemble. Printed and video instructions make assembling the upCentric easy enough to complete in approximately 15 minutes.

3 Low power draw:

The upCentric is one of the most efficient electric height adjustable tables on the market, minimizing operating and stand-by power draw to help you save money.

4 1.8 m hard-usage power cable:

All upCentric tables are equipped with a 70 % or 1.8 m hard-usage cable, as required by CSA 22.2 #203.

5 Vertical wire management included:

Assists with the organization and presentation of cables and wires in each workstation.

6 Low sound level:

The upCentric is one of the quietest height adjustable tables on the market, at 39dB.

How to order an upCentric[®] Freestanding Height Adjustable Work Surface

Step 1:

Choose a Height Adjustable Work Surface See page 4 e.g. CGSA-2LS-24X48 or CGSAMOD-3L-120-54X24

SIZE	GOCUID	TABLE	FRAME COLOURS	LAMINATE FINISH
		Recta	ngular Tables	
24" x 30"	2WSSREXXL24L30BELXX	CGSAMOD-2LS-24X30	Codes fo	r finishes
24" x 36"	2WSSREXXL24L36BELXX	CGSAMOD-2LS-24X36	see page 9	
24" x 42"	2WSSREXXL24L42BELXX	CGSA-2LS-24X42		
24" x 48"	2WSSREXXL24L48BELXX	CGSA-2LS-24X48		
24" x 54"	2WSSREXXL24L54BELXX	CGSA-2LS-24X54		

Step 2:

Select frame colour e.g. Silver

Frame finish options

* White is not available on modular frames.

Step 3:

Select laminate finish e.g. Dove Grey

OPTIONS	
HPL-High Pressure	Laminate
Kensington Maple	21
Natural Pear	22
Wild Cherry	23
Figured Mahogany	24
Cocobala	25
Asian Night	26
Black	27
Designer White	28
Dove Grey	29
North Sea	30
Graphite	31
Natural Almond	32
Vapor Strandz	33
Studio Teak	34
Walnut Heights	35
Xanadu	36

Step 4:

Choose power and wire management accessories[†] See pages 11-13

† The cumulative sum of all power and wire management accessories may not exceed 30% of the Height Adjustable Work Surface purchase price. e.g. A CGSA-2L-30X72 table has a ceiling price of \$901.76 – you may add up to \$270.53 (30% of \$901.76) worth of accessories to that table.

Tabletop specifications

- Tabletops are constructed using 1" thick FSC-Certified 45 lbs particle board, High Pressure Laminate and 3 mm PVC-free edge band.
- All tabletops are made to exact printed dimensions.
 e.g. CGSA-2L-30X60 Height Adjustable Work Surface will measure to exactly 30" x 60", +/- 0.25" tolerance.

Edge Band

High Pressure Laminates [HPL]

- High Pressure Laminate tabletops are 1 1/16" thick, and are available in 16 finishes
- 10 day lead time

Vertical wire management

- A vertical wire management slinky is included with every Height Adjustable Work Surface.
- The Vertical Wire Management Slinky attaches to the underside of your Work Surface, and allows all wires and cables to run from your work surface to the floor cleanly.

Height adjustment handset

Digital height display with 4 programmable memory positions

- Up/down control switch with digital read-out
- Four programmable memory settings with minimum and maximum height

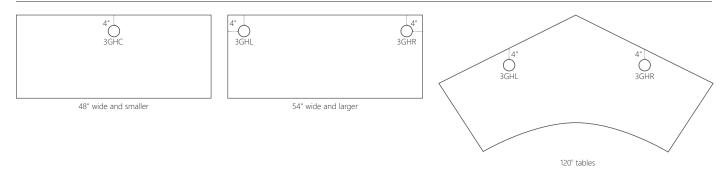

Safety feature

- Standard anti-collision safety features stops table in event of collision with immovable object
- Optional highly sensitive anti-collision sensor available

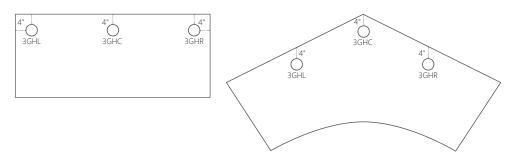

3" Grommet hole locations

- 3" grommet hole with plastic grommet cover
- Positioned 4" from each edge to center of hole
- Tables with a width of 48" or smaller must have at least one hole (3GHC standard)
- Tables with a width of 54" or larger must have at least two holes (3GHL & 3GHR standard)
- 120° Wing tables must have at least two holes (3GHL & 3GHR standard)
- Grommet holes may be added or moved from the standard positions, but may not be removed

Standard locations

Options

Power and wire management accessory options

- Power and wire management accessories can be added to any SA Freestanding Height Adjustable Work Surface.
- The cumulative sum of all power and wire management accessories may not exceed 30% of the Height Adjustable Work Surface purchase price. e.g. A CGSA-2L-30X72 table has a ceiling price of \$901.76 you may add up to \$270.53 (30% of \$901.76) worth of accessories to that table.

3" Power dock

• The 3" grommet power and pop-up dock can be used in anywhere that needs an easy access AC power and 5V DC 2.1 A USB charger. Simply bore a 3" hole for installation or replace a 3" grommet with any of the Dock-200 Series. The simple touch of a finger tip will release the spring-loaded lid of the 3" grommet and it will gently open up to reveal an AC outlet and USB charger.

Outlets	Code	Colour	List Price
 2 grounded AC outlet 15A rating 10' 14 AWG power cord 1000 joules surge protection 	DOCK200-BK	Black	\$195
 1 grounded AC outlet 15A rating 2 USB charging ports with shared 2.1 charging power 10' 14 AWG power cord 1000 joules surge protection 	DOCK270-BK	Black	\$205

Wireless charging dock

- Fits 3" grommet hole
- Sits flush with tabletop
- For use with products equipped with wireless charging capabilities

Code	Colour	List Price
WC-BK	Black	\$115

Pop-up power harness

- The power harness is flush mounted and enriches everyday workflow when in use and can be tucked away when not. The AC receptacles are dynamically positioned for simpler power access handling.
- Note: Requires 3" bore for installation and a minimum of 12" clearance under mounting surface to operate correctly.

Sit down. Stand up. A healthy way to work.

Warranty

ergoCentric Seating Systems hereby warrants all of its tables and accessory products against defects and functional failure of materials. These warranties shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or accident, shipping damage, or product use other than in accordance with written instructions and warnings. ergoCentric makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth herein. In no event shall ergoCentric be liable in either tort or contract for any loss or direct, special, incidental, consequential or exemplary damages. This warranty is based on the use during an eight hour work day.

Warranty claims

ergoCentric will repair or replace any product or materials, covered by this warranty, found to be defective or inferior within the warranted period. This warranty includes the cost of labor and shipping. Claims are to be made directly to ergoCentric or to the authorized representative from whom the product was purchased. Product or materials, for which a claim has been made, must be made available for inspection by an authorized ergoCentric representative.

Limit of warranty

These warranties shall be valid only during the term of these warranties; and while the products herein warranted are in the possession of the original purchaser. The original purchaser shall mean the party which first purchased the products for its own use whether from ergoCentric or an authorized ergoCentric representative.

PRODUCT	WARRANTY
